

INDIANAPOLIS AREA SPIRITUAL DIRECTORS, 2020

The persons listed below have been trained in the practices used by Spiritual Directors to assist others to create a stronger relationship with self, others and God. Through deep listening, prayer, silent and discernment, they are someone who will walk with you on your spiritual journey and give you the courage to go deeper in your inner life and experience God's love.

When picking a Spiritual Director/Companion we suggest you:

1. Talk to 2-3 Directors (This can be by phone). Who do you feel comfortable with as you start or continue your journey toward God.
2. Ask the person if they are in Spiritual Direction. They should be actively involved in deepening their relationship with Holy One.
3. Ask if they are in a "Peer Supervision Group". The group will hold the Director accountable for their practice and guide them through professional challenges.
